### **Call for Papers in the Scientific Program**

**Deadline 31 July 2010**

We cordially invite practitioners and researchers to submit abstracts for a paper presentation in the Scientific Program of the 40<sup>th</sup> Annual Congress of the Australian Society of Hypnosis.

The Conference will be held at the Novotel Brighton Beach in Sydney from 21<sup>st</sup> to 24<sup>th</sup> September 2010. The Scientific Program will feature Keynote Addresses from three outstanding researchers/practitioners: Professor David Patterson (University of Washington), Scientia Professor and Australian Research Council Laureate Fellow, Professor Richard Byrant (University of New South Wales), and Dr Allan Cyna (Women and Children's Hospital in Adelaide and University of Adelaide). The Scientific Program will also feature two Invited Symposia (on using hypnosis to investigate clinical disorders in the laboratory and on the art and science of hypnosis scripts) and a "Clinical Case Conference" Panel Discussion. See [ozhypnosis.com.au](http://ozhypnosis.com.au) for further details of the Congress and the Workshop Program.

We welcome submissions to join this Scientific Program in the form of paper presentations. Papers will be 20-30 minutes duration and grouped by theme (where possible) across the days of the Congress.
