

REFERRAL LIST FOR NSW AND ACT

This list has been compiled by the Australian Society of Hypnosis (NSW) Inc. It is not a list of all members of the Society, only those eligible NSW Branch Members who wished to be included in it. It is intended for use mainly by ASH officers to assist the public who request a referral to a professional in a certain area. It is also made available to members of the Society and appropriate health professionals outside of the Society. The list consists of financial Full Members all of whom have completed and passed the assessments for the award of the Society's Diploma in Clinical Hypnosis. The list is divided into geographical areas and health specialization. Basically only registered health professionals are eligible for membership of the Society.
